Anita Gibson

is an author, coach and educational strategist.

She serves her community by introducing frustrated moms to academic solutions that empower their struggling students to become successful ones. Anita also encourages moms to discover their own strengths and devise a plan to achieve next level living. She believes that each person's strengths are indicators to their future possibilities. Many of her clients have shared the safe and productive environment created through Anita's speaking has inspired

them to achieve goals & accomplishments far exceeding anything they ever thought possible. She has served as a coach to youth, women and families since 2002. Anita is known for her authenticity and her ability to motivate. Anita is the president of Creative Strategies Consulting, an educational consulting firm that creates & develops educational programs for individuals, churches and organizations. She is also the president of Project Excel Academy, an academic learning center for youth in Bowie, Maryland. Her motto is Help and Hope Are Here!

Book Reviews

Yamalíe Colon

This is absolutely an amazing book. It has helped me see my children's strength and how I can better help him in school. I have also been able to use some of the strategies to channel some behaviors into something positive. It has changed my perspective. It is okay for us to be uncomfortable if that is what my child needs to succeed in his future. I highly recommend this book to parents and educators.

-Anonymous

For many parents, you are very busy so the thought of taking time to read a book may seem like another thing on your To Do List. That's not the case with Star Finder. This book is an easy read (I think I read through it in 2 days) and gives you practical steps that you can do Today to make a difference if your child is struggling academically. You will learn about yourself and your child. Being an advocate for your child is a wonderful role and responsibility and this book will equip you to do that better.

Rhonda Boyle

I'm just thrilled to have this amazing little book in my hands! Anita Gibson shares practical strategies to help parents help their kids who are struggling. She believes that EVERY child is a star and brilliant in their own way. Discovering those ways can mean the difference between success and failure for a lifetime. This book is very timely for today's students and parents. Don't miss it!

-Anonymous

Parents are you looking for ways to improve your child's academic success? If so, than Star Finder is the book for you. In it, you will find practical relevant strategies to help your child walk in a spirit of excellence. Consider Star Finder as a resource guide for parents and children. Help and Hope can be found Here in Star Finder!
